The Summer ArtExperience happens everyday at The Art Exchange located at 356 E. 3rd St. Long Beach, CA 90802 in the East Village Arts District-Long Beach

Spend your summer making art at your newly renovated community arts center, The ARTX!

The Summer ArtExperience provides inclusive classes for children ages 6-12 led by professional arts educators. Sessions include creative investigations in the **ARTX Learning Center** and exploration in the Gallery featuring the work of community artists.

Extended care is available until 5:30 pm for a small additional cost. Following a creative day full of mindful and expressive experiences, students in extended care have the opportunity to participate in physical activities, connecting the mind and body - including yoga and drumming!

The Art Exchange is proud to partner with Able ARTS Work, a Long Beach creative arts organization providing inclusive arts experiences for children and youth since 1982.
